- Information about ways to advertise the event or share learnings, outcomes, or products
  - Make Things Accessible [Running Accessible Events Guide](#)
- Organizers are encouraged to share documentation from events, including academic, creative and knowledge mobilization outputs to help amplify learnings and impact. Some things to consider include:
  - You have the consent of all event participants whose image or ideas are included in the documentation, and these have been properly attributed to the authors. ([example consent form](#))
  - You have clarified how you would like the documentation to be shared and cited by others. [Consider tagging it with a creative commons license](#).
