<p>23.4 Evaluation Procedures and Grading System</p> <p>(1) Weighting of Term Work and Final Examinations: In each course in which a final examination is held, a weight of not less than 30 percent and not more than 70 percent will be assigned to the final examination, except where a departure from this arrangement has been authorized by the council of the Faculty in which the department offering the course is situated. The remaining weight for the course will be assigned to term work.</p> <p>(2) Course Requirements, Evaluation Procedures and Grading: The policies set out below are intended to provide instructors and their students with general course information. GFC, in approving these guidelines, expected that there would be a common sense approach to their application and understood that circumstances might develop, during a term, where a change to the course outline, as set out in §23.4(2)a., made sense to all concerned. Such changes shall only occur with fair warning or general class consent.</p> <p>Students concerned about the application of these guidelines should consult, in turn, the instructor, the chair of the department by which the course is offered, and the dean of the faculty in which the course is offered.</p> <p>a. At the beginning of each course, instructors are required by GFC to provide a course outline to students and their Department (or Faculty in non-Departmentalized Faculties) that includes the following:</p> <ul style="list-style-type: none"> i. a statement of the course objectives and general content ii. a list of the required textbooks and other major course materials iii. a list of any other course fees as described in the 'Student Instructional Support Fees Policy' and their associated costs iv. an indication of how and when students have access to the instructor v. the distribution of weight between term work and final examination vi. the relative weight of all term work contributing to the course grade 	<p>23.4 Evaluation Procedures and Grading System</p> <p><i>No changes until...</i></p>
